Read the following text then answer the questions:

My favourite animal

My favourite animal is the tiger. Tigers are orange, black and white. They are very dangerous. They are the biggest and heaviest cats on Earth. A Siberian tiger weighs 360 kilos. Some tigers are more powerful than lions!

Tigers usually live in forests. They like water and they can swim better than smaller cats. They are very fast. A tiger can run at 65 kilometres an hour! They have big teeth and eat deer and other animals. They sleep in the day when it is the hottest. They hunt in the night because it is colder.
